# Acrylic Enclosure for the 1204

**Product Description**

The 3819 Enclosure is designed to protect the Rev 0 version of the 1204 – PhidgetTextLCD Adapter while giving you access to all terminals and connectors through openings in the enclosure.

You can plug and unplug the USB cable, without having to open the enclosure and connect the LCD Cables. You have to disassemble the enclosure, though, to unplug the LCD cables.

**Note:** The Phidget board is not included with the enclosure and must be purchased separately.

**Product Specifications**

**Physical Properties**

| | |
|---|---|
| Fits Board Revision | 0 |
