

# Acrylic Enclosure for the 3051

## Product Description

The 3820 Enclosure is designed to protect the Rev 1 version of the 3051 – Dual Relay Board while giving you access to all terminals and connectors through openings in the enclosure.

You can plug and unplug cables, connect and disconnect devices, without having to open the enclosure.

**Note:** The Phidget board is not included with the enclosure and must be purchased separately.

## Product Specifications
