

12 Conductor 22AWG Wire Black (Shielded)

Product Specifications

Physical Properties

Cable Gauge	22 AWG
Insulation Material	PVC
Number of Conductors	12
Wire Material	Copper

Cable Connectors

Creating a disconnect/reconnect point can be tricky for multi-conductor cables. These cable connectors make it simple; just strip and solder the two ends of the multiconductor cable to two cable connectors of opposing gender, and screw the two connectors together. Some cable connectors are designed to sit inside the wall of an enclosure but otherwise fit together in the same way.

Product	Physical Properties	
Part Number	Number of Conductors	Connector Type
CBL4407_0	12	Female
CBL4408_0	12	Male
CBL4409_0	12	Female (Enclosure)
