12 Conductor 22AWG Wire Black

Product Specifications

Physical Properties

Cable Gauge 22 AWG
Insulation Material PVC
Number of Conductors 12
Wire Material Copper

Cable Connectors

Creating a disconnect/reconnect point can be tricky for multi-conductor cables. These cable connectors make it simple; just strip and solder the two ends of the multiconductor cable to two cable connectors of opposing gender, and screw the two connectors together. Some cable connectors are designed to sit inside the wall of an enclosure but otherwise fit together in the same way.

Product			Physical Properties			
	Part Number	Number	of	Conductors	Connector Type	
	CBL4407_0	12			Female	
	CBL4408_0	12			Male	
	CBL4409 0	12			Female (Enclosure)
