

# 12 Conductor 22AWG Wire Black

## Product Specifications

### Physical Properties

|                      |        |
|----------------------|--------|
| Cable Gauge          | 22 AWG |
| Insulation Material  | PVC    |
| Number of Conductors | 12     |
| Wire Material        | Copper |

## Cable Connectors

Creating a disconnect/reconnect point can be tricky for multi-conductor cables. These cable connectors make it simple; just strip and solder the two ends of the multiconductor cable to two cable connectors of opposing gender, and screw the two connectors together. Some cable connectors are designed to sit inside the wall of an enclosure but otherwise fit together in the same way.

| Product     |                      | Physical Properties |  |
|-------------|----------------------|---------------------|--|
| Part Number | Number of Conductors | Connector Type      |  |
| CBL4407_0   | 12                   | Female              |  |
| CBL4408_0   | 12                   | Male                |  |
| CBL4409_0   | 12                   | Female (Enclosure)  |  |
