

4 Conductor 16 AWG Wire Black (Shielded)

Product Specifications

Physical Properties	
Cable Gauge	16 AWG
Insulation Material	PVC
Number of Conductors	4
Wire Material	Copper

Cable Connectors

Creating a disconnect/reconnect point can be tricky for multi-conductor cables. These cable connectors make it simple; just strip and solder the two ends of the multiconductor cable to two cable connectors of opposing gender, and screw the two connectors together. Some cable connectors are designed to sit inside the wall of an enclosure but otherwise fit together in the same way.

Product		Physical Properties	
Part Number	Number of Conductors	Connector Type	
CBL4401_0	4	Female	
CBL4402_0	4	Male	
CBL4403_0	4	Female (Enclosure)
